

PLENTY TO EAT BUT NO APPETITE FOR ANYTHING AT ALL

TENNESSEE FARMER HAD NERVOUS INDIGESTION AND WENT FROM 160 TO 135 POUNDS.

J. B. WILLIAMS OF GREENBRIER

After Taking Four Bottles of Tanlac Gained Twenty-Five Pounds and Continues To Improve and is Back To Regular Weight.

"It may sound unreasonable, and you may believe me or not, but after taking four bottles of Tanlac I have actually gained twenty-five pounds," said J. B. Williams, a well-known and prosperous farmer who resides at Greenbrier, Tenn., near Nashville.

"I had a bad case of stomach trouble last summer and it came pretty near knocking me out," continued Mr. Williams. "It was something like nervous indigestion. I began to go down hill and it looked like the more medicine I took and the harder I tried to get well the worse I would get. We had pretty near everything to eat but nothing tasted right and I got so weak and nervous I couldn't do anything—in fact, I was just completely knocked out."

"Before I had this spell I weighed 160 pounds and kept falling off until I got down to where I only weighed 135 pounds."

"I am now back to my regular weight again and feel strong and well. My appetite is simply fine now and I don't mind my work. This medicine just took right hold of me and put me on my feet."

"Well, sir, the second day after I began taking it I got hungry and oh how good that ham did taste! I sleep fine now, too, and am not nervous like I was. Even the barking of the dogs at night does not wake me up."

"I never believed that a medicine could be made that would do anybody as much good as Tanlac has done me, and I want to recommend it to anybody suffering with the same troubles I had."

Tanlac is sold in Columbia exclusively by SMISER DRUG CO.—(Advt.)

RED FOX CLUB TO MEET MONDAY

MEMBERS OF ORGANIZATION ARE URGED TO CONEVENE AT THE COURT HOUSE.

The following call for a meeting of the Southern Red Fox Club, has been issued:

"The Southern Red Fox Club, and all others who would like to have another big fox hunt here this fall, are called to meet in the Court House at 2 p. m., next Monday (First Monday)."

"The following excerpt from the July number of the Red Ranger, indicates we can take the lead in the 'Fox Hunting World':"

"The Southern Red Fox Club at Columbia, Tennessee, is an organization that is creating quite a bit of interest generally, and brings out an idea that is new and which promises to become popular. This might be termed a 'district' organization, not confined altogether to one state but to the country adjacent to Columbia and Tennessee. The fact that the Red Ranger goes to more homes in Columbia than any other city in the United States leads us to believe that there is a solid organization at that place that is built up of real live fox hunters. Other parts of the country are already talking of similar organizations and this may hasten the day when we shall see an association or club which will be a true representative of all the local, state and district associations and clubs for the purpose of conducting a Grand Champion Meet."

"Everybody who loves the sport and wants to help advertise our town and county are requested to attend the meeting at 2 p. m. next Monday."

"J. W. RIDLEY, President."
"W. T. FRASER, Secretary."

BUSINESS SESSION OF LOCAL EXTENSION SELECTS OFFICERS

JUDGE SAM HOLDING PRESIDENT OF THE SOCIOLOGICAL CONGRESS.

MRS. LUTHER M'ADAMS SECY

Able Address On "Conditions of Water And Unsanitary Conditions Existing In The City"—Wells Should be Much Deeper, Dr. Read Says.

About eighty members presented themselves at the business meeting of the Sociological Congress, held in the High School auditorium Monday night and the following officers for the year were elected: Judge Sam Holding, president; Dr. H. A. Gant, vice-president; Mrs. Luther McAdams, secretary; Col. Jno. W. Fry, treasurer. The following members were appointed on the executive committee: Dr. O. J. Porter, Dr. W. B. Ricks, Geo. E. McKennon, Mrs. J. C. Ellington and Mrs. W. P. Woldridge.

Immediately after the election of officers the question of appointing committees for each and every phase of the work, including health, social betterment and civic improvement of the community, was discussed and it was decided to leave this work to the executive committee. A meeting of this committee will be called one day this week to appoint the above committee. There is much interest manifested in this great movement and work of improving conditions in all branches in both the city and county, will be begun at once.

At the conclusion of the business, Dr. Albert J. Read addressed the members on the subject of "Condition of Water and Unsanitary Conditions Existing in the City." Dr. Read said that all wells within the city should be kept perfectly clean and sanitary, and to do this, they must be dug deeper and located some distance from places where decaying and refuse material are kept. He also asserted that all alleyways and by-streets should undergo a thorough cleaning and that it should be against the law to throw any waste or garbage of any kind in these places.

E. P. LEDBETTER SHOWS POTATOES

TWO SPUDS WEIGH NEARLY POUND AND A HALF.—TENNESSEE TRIUMPH VARIETY.

E. P. Ledbetter, of Groveland, brought some fine Irish potatoes to town. He brought two to The Herald office that weighed one and three-eighths pounds. The potatoes were of the Tennessee Triumph and were perfect in shape. Mr. Ledbetter owns sixty-five acres near Groveland, and while in The Herald office this morning stated that he was awfully glad that he did not stay in Florida, but came back to the greatest land upon the face of the globe. Mr. Ledbetter says that this is a great year for Irish potatoes.

CARD OF THANKS.

THETA, Tenn., June 24, 1916.

We wish to take this opportunity to thank the good people of Theta for kindness, christian sympathy and material assistance in our recent bereavement in the death of our husband and father, S. P. Chandler. During his long sickness they gave constant and much needed assistance to the almost helpless family, and when his sufferings were ended by the grim monster, they were all that neighbors could be in their unselfish expression of sympathy, and their prompt and willing service in caring for the dead. We will ever respect and know them for this much needed Christian kindness.

COMMENDS HERALD FOR CO-OPERATION

GENEROUS EFFORTS IN RECENT SHORTHORN SALE ARE APPRECIATED.

The following extracts from a letter from the vice-president of the Nashville, Chattanooga & St. Louis railroad, show the high appreciation of The Herald's efforts in behalf of the pure bred cattle sales here:

"Nashville, Tenn., June 24, 1916. Mr. J. I. Finney, Editor The Daily Herald, Columbia, Tenn.

"My dear Sir:—I have just had the pleasure of reading your report in your issue of 22nd instant of the Shorthorn sale held in Columbia on the 21st, and wish to express appreciation of your generous commendation of the event, and of the hearty co-operation given our people and the County Live Stock Association in making the sale an interesting and successful one."

"I believe the introduction of high grade cattle into the farm life in Tennessee will prove of great aid and value to the average farmer, and in time will materially contribute to the wealth of the rural sections."

"We have been extremely careful to see that the character of stock introduced in these sales is pure bred, high grade, and that the American Breeders' Association of the different grades stand squarely behind us in assurances to the County Live Stock Associations that their members can invest with the certainty that their purchases are, in all respects, what the sales managers represent."

"It is a very great pleasure to be afforded an opportunity of acknowledging our hearty appreciation of your valuable aid and co-operation."

"Yours truly,

"H. F. SMITH,
"Vice-President and Traffic Manager."

BAG AND BAGGAGE.

"I notice one thing about hunting trips."
"What is that?"
"The baggage usually amounts to a good deal more than the bag."

BROUGHT HER TO TERMS.

"Ferdie is a mean boy. To tease him, I refused to give him a kiss over the wire."
"Well?"
"He immediately saked the telephone girl to give him some other number."

Atlas Peck has traded for a dog to be used for a companion until he can get a wife.

Sidney Hocks says he will bet a lot of money rusted during the recent damp weather.

Sidney Hocks has contracted the habit of whistling in his sleep. He is a fine whistler, and regrets that he is never awake to hear himself.

An owl's nest has been found in the postoffice. As these birds do not build their nests in public places, it is believed this is some other kind of a bird's nest.

Raz Barlow has received his new self-winding watch he recently ordered. It is not much different from any other, only the instructions say he must wind it himself.

The Dog Hill preacher requests us to announce in his behalf that all who intend to hear him preach next Sunday morning must walk across the field to keep out of the mud. Tobe Moseley's attention is especially directed to this, as he has been in the habit of breaking up the sermon every Sunday by waiting until he gets inside the church before he begins to stamp the mud off his feet.

Sim Flinders has swapped his cook stove for three nice rabbit dogs.

Miss Hostetter Hocks has had some gold put in one of her front teeth and is now prepared to sing solos on short notice.

Washington Hock's house caught on fire Tuesday night, and he escaped in his night clothes, but fortunately no one saw him.

The Blind Man of the Calf Ribs neighborhood, has been swindled again. Luke Mathews sold him a sack of wormy hickory nuts yesterday.

Poke Easley says the more civilization we have the more complaints we will hear about fleas. He says when he was a boy nobody paid any attention to a flea.

The Deputy Constable is having Bat Smith to make him a barrel of his celebrated Moonlight Reel whisky, which is to be used subject to the action of the Democratic primary this summer.

Tobe Moseley was held up and robbed by four lone highwaymen on Gimlet creek Tuesday night while he was on his way home from prayer meeting. He was robbed of 40 cents in cash. The money belonged to the church, and to keep things straight, Tobe demanded a receipt from the highwaymen.

Several from this pace will go to Tickville next third Sunday to witness the unveiling of the town pump.

The town was in darkness last night on account of Little Fidelity Flinders having eaten the postmaster's supply of candles.

The artificial cherries on Miss Flutie Belcher's hat have caused quite a stir among the jaybirds of this section the past week.

The examining trial of Raz Barlow charged with detaining the Mail Carrier by offering him a drink of licker, was set down for trial at Rye Straw yesterday, but was continued on account of lack of sufficient evidence to acquit the defendant.

Cricket Hicks, who has been at work in the Calf Ribs community for several weeks, has returned home with five dollars in cash. This will somewhat relieve the financial situation around Hogwallow, as money was beginning to get very scarce.

The Blind Man of the Calf Ribs neighborhood was about to be talked into buying a heating stove from Slim Pickens the other day, but the trade was knocked in the head by some of Slim's enemies, who told the Blind Man that winter would soon be over.

Sidney Hocks became intoxicated Saturday evening and tried to drive his yoke of steers into the postoffice, but failed on account of the door being too narrow. There have been many other complaints recently on account of the narrowness of the door at the postoffice.

JOINT COMMITTEE WILL NOT MEET TO HEAR CHARGES NOW

ROAD AND COURT INVESTIGATION POSTPONED UNTIL NEXT MONTH.

MEMBERS ARE BUSY ON FARM

Expected That Only Two Days Will Be Required to Compete Work—Four Justices are yet to be Examined—Also Road Board as a Whole.

There will be no meeting of the joint investigating committee at the Court House tomorrow. Members of the committee have conferred together and agreed to postpone the meeting set for tomorrow until Monday, July 17. This was done for the reason that the members of the committee are farmers and they are just as busy as they can be on their farms and cannot at this time afford to spare the time necessary to conduct the hearing.

William P. Ridley, one of the members of the committee, is busy threshing his wheat. John S. Brown, another large farmer, is equally as busy on his place, while John M. Davis, the chairman, is one of the largest bee and honey producers of the country and this is his busiest season. Thomas H. Taylor is another busy farmer, and Charles S. Jackson finds it impossible at this time to get away from his business.

The committee will convene the middle of next month and will then complete its labors, which are not expected to require many days. There are four members of the county court to examine touching warrants that have been issued to them. They are Wash F. Russell, of the Second; Joe T. Wilkes and John B. Brooks, of the Eighth and J. J. Pogue, of the Tenth. There are also the charges against the road commission as a whole to be heard. Altogether, it is expected that the hearing of proof in the two cases, those against the members of the court and the members of the road commission, will require a couple of days.

The report of the committee will be ready for submission to the October term of the county court.

HARVEST DELAYED BY HEAVY RAINS

MODERN MILLER'S REPORT ON THE CONDITIONS IN THE SOUTHWEST.

The Modern Miller in its review of crop conditions last week had the following comment:

"Rains have delayed harvesting and threshing in the entire southern winter wheat belt. No new wheat is moving and very little is being offered to the trade. Weather in the central districts has been unseasonably cool, and the wheat needs hot, dry weather, to bring it to maturity. Reports from a few central sections indicate that yields will be slightly better than expected some time ago. The prospect is for 110,000 bushels for Kansas and Oklahoma. Nebraska prospects have been maintained. Weather is favorable to the growing plant in the spring wheat states."

ELECTIONS ARE CALLED BY RYE

TO FILL VACANCIES EXISTING IN MANY COUNTIES—ISSUES A PROCLAMATION.

NASHVILLE, Tenn., June 27.—Gov. Rye on Monday issued a proclamation calling for elections to be held in a number of counties in the state to fill vacancies caused from numerous reasons. These elections are to be held on the first Thursday in August when the general elections are held over the state.

Included in this list is a chancellor for part two of the chancery court of Davidson county. This chancery division was created by Chapter 7 of the acts of 1915 and Chancellor James H. Newman was appointed as chancellor until the regular election. Chancellor Newman will be a candidate to succeed himself, having been nominated in the recent democratic primary.

The call also includes the election of a successor to Judge Jesse Edgington, of Memphis, who was removed by the court of impeachment. No successor can be elected for Gen. Z. N. Estes of Shelby county, as his case has not been heard by the court and his place is filled temporarily by Hunter Wilson.
